If you opt to order prescription eyewear, you may not order it with tinted or transition lenses, unless there is a documented medical reason for those types of lenses. When your medication is about to run out you need to report to the Pill Line Window with your medication card and notify Medical Services staff so that they can determine if the medication needs to be refilled or if you no longer need it. Requests for medication refills should be done at least five (5) days prior to running out. Any medications not taken as prescribed shall be considered misuse and will be confiscated.

KOP medications can be re-ordered Wednesday at the pill line window.

If you no longer require the medication because you are feeling better or because you simply don’t want to take it any longer, then return the unused medication to the Medical Services Department. Failure to return unused or unwanted medications to the medical unit or giving them to another inmate will result in an incident report.

The Medical Director will determine if the medication will be KOP or dispensed through the pill line. All narcotics, psychotropic medications and inmates who are noncompliant with prescribed medications will be on direct observation therapy at the pill line window.

Pill pass is for receiving or returning medications only. It is not sick call. You must submit a copout to schedule an appointment for sick call. Nurses will not discuss your personal needs or medical information with you during pill pass.

b. **Fourth Class Mail**

Fourth class mail is normally considered bulk mail. GCCC will discard fourth-class mail if the person is not at the address written on the article. Informational

e. All envelopes must be free of art work, any envelope with artwork will be returned to sender.

C. Rejection of Correspondence

The Superintendent may reject correspondence sent by or to an inmate if it is determined to be detrimental to the security and orderly running of the institution or may facilitate illegal activity.

Examples include (but are not limited to): matter which cannot be mailed under law or postal regulations, information of escape plots, or plans to commit illegal activities, or to violate GCCC rules.

An inmate may not direct a business while confined. This does not prohibit correspondence necessary to enable the inmate to protect property or funds that were legitimately his at the time of his commitment. For example, an inmate may correspond to refinance his mortgage for his home or sign insurance papers. The inmate may not (for example) operate a mortgage or insurance business while incarcerated.

Rejection of Incoming Mail or Correspondence

The Superintendent, or his designee, will give written notice to the sender of incoming mail being rejected and the reasons for the rejection. The sender of the rejected correspondence may appeal the rejection. The inmate will also be notified of the rejection of the correspondence and the reasons for the rejection. Rejected correspondence will normally be returned to the sender.

D. Annual Package

Depending on your status on the Inmate Incentive Program you may purchase a package from Walkenhorst. The facility will provide you a catalog to order from. Friends and
family may not purchase these items for you; if they are on your approved visitors list they may post money on your account.

Annual packages requests must be pre-approved by the intake sergeant.

E. Attorney Visits

Attorneys should normally make advance appointments for each visit. Attorneys are encouraged to visit during regular inmate visiting hours. However, visits from an attorney can be arranged at other times based on the circumstances of each case and available staff. Attorney visits will be subject to visual monitoring, but not audio monitoring. Arrangements shall be made through the shift supervisor. Attorney visits can be conducted using video-teleconference.

F. Legal Material

During attorney visits, a reasonable amount of legal material can be allowed in the visiting area with prior approval. Legal material, between attorney and client, may be exchanged and will be subject to inspection for contraband. This material will be treated in a similar manner as the special mail procedures described above. Inmates are expected to send legal materials through the mail as often as possible.

G. Inmate Requests to Staff Member

The Inmate Request for Interview (cop-out) form is used to make written requests to staff members. Any type of request can be made with this form. Request for Interview forms are available in your unit or may be obtained from the Unit Officer or Unit Staff. Staff members who receive the Inmate Request form will answer the request within a reasonable period unless it's a life-threatening emergency which will be handled immediately.

H. Telephones

Telephones are located in each housing unit and are available for inmate use. Upon admission to this facility you will be issued a personal identification number (PIN) to place calls. Do not share your PIN with anyone; do not write it down on the outside of your mailing envelopes. Abuse of PIN may result in loss or limitation of telephone access.

For long distance calls your friends and family must create an account with Securus at 1-800-844-6591.

Instructions are posted near the telephones and all conversations are subject to monitoring, using an inmate telephone constitutes consent to telephone monitoring.

1. Legal Calls
GCCC provides each inmate with different methods to maintain contact with his attorney, including:

- Inmate-attorney correspondence (covered under the special mail provisions);
- Private inmate-attorney visits; and
- Unmonitored calls to attorneys.

Telephonic hearings and court depositions must be scheduled by the courts through the shift supervisor. The courts should contact the shift supervisor by dialing 907-841-8100 ext.8309.

2. Hours of Telephone Operation

Inmate telephones are generally available between 8:00 am – 10:00 p.m., seven days a week. Telephone access in the morning will not begin until the housing unit has passed morning inspection. There is no telephone access during counts or institutional emergencies.

3. Calling Procedures

GCCC may limit, monitor, or record inmates’ telephone calls to preserve security and order in the institution and to protect the public. Long distance calls will be collect using the automated system in place. The only authorized numbers to be accessed must be to a stationary physical location, not an electronic location.

Inmates should limit their total time on the telephone to thirty minutes, allowing other inmates access to the telephones. The total time on the telephone can be extended if there are no other inmates waiting to make a call. Individual calls are limited to fifteen minutes each by the telephone management system.

The telephones are subject to be turned “off” at the discretion of the Superintendent or designee, for security purposes.

Accommodations will be made to ensure access to telephone communication by disabled inmates. Upon request, Telecommunication Device for the Deaf (TTD) or similar equipment will be made available to inmates with hearing/speech disabilities.

Module phones may be used to place calls to an attorney. These calls will not be recorded if the inmate’s attorney’s phone number has been listed with the Security department. To verify the telephone number has been already listed submit a Request for Interview form to the Security Sergeant.

Request for time and charges calls will be approved on a limited basis. These time and charges calls are not routinely approved. Requests for time and charges calls must be submitted on a Request for Interview form to the Assistant Superintendent. The request must contain: The name of the
person to be called, the area code, phone number, what the issue or reason is for the call, and must have a commissary request attached to the Request for Interview. Each of these requests will be approved or denied on a case by case basis. All calls must be justified in writing. Time and charges calls will only be allowed if funds are available on the inmate’s OTA account. Any Court order or condition of probation/parole restricting contact with an individual or class of individuals will be honored.

Inmate-to-inmate calls are prohibited, unless the other inmate is an immediate family member (mother, father, brother, sister, son, daughter, legally married spouse) and the call has been approved by the Probation Officer Supervisor.

Except as specifically authorized by the Superintendent (e.g., telephonic Court or administrative agency hearing where the judge or hearing officer authorizes the inmate to participate telephonically from prison), any call that directly or indirectly uses one of these following features will be prohibited; three-way calls, call-forwarding, collect long-distance calls made through an operator rather than through the automated phone system in place, calls to toll-free numbers, calls to numbers which special or additional charges apply (i.e. 900 #s), calls using calling cards or personal identification numbers, or calls billed to credit cards or third parties, wireless connections (such as cell phones), as well as variable, fixed or remote call forwarding. Inmates are not to use any form of voice mail, recorded messages, nor deliver messages for other inmates.

Abuse or illegal use of telephone privileges, such as making intimidating, obscene, harassing, or threatening phone calls, may result in restriction or loss of telephone privileges, and/ or disciplinary or criminal actions. An Individual Determination Restriction (IDR) for loss of personal telephone privileges will be determined by the Superintendent or designee. An Individualized Determination Restriction will be in place when reasonable grounds exist to believe that the inmate’s telephone use threatens the facility security, the safety of a person, the protection of the public, or other actions that constitutes telephone abuse. See Individual Determination Restriction (IDR) for more details.

Inmates whose telephone access has been limited or suspended will be allowed telephone calls to an attorney, the Courts for scheduled hearings, and the Ombudsman’s Office.

It is not GCCC’s policy to accept incoming messages for inmates, except under exceptional circumstances, such as an immediate family member’s medical

Revised 04/2013
emergency or death. The family member’s condition must be verified by a law enforcement agency, hospital, coroner, or funeral home.

I. **Visitation Regulations**

See posted visiting schedule. Schedules will be posted in all housing units.

State recognized holidays will follow the weekend visitation schedule and are as follows:

- New Year’s Day
- Seward’s Day
- Labor Day
- Thanksgiving

- Martin Luther King, Jr.
- Memorial Day
- Alaska Day

Due to limited space at the facility, normally each inmate will be allowed no more than four (4) visitors at any one time, including children and infants.

Exceptions to this rule may only be approved on a case by case basis by the Superintendent or designee. Visitors will not be allowed to depart the facility and return again on the same day, unless approved in writing in advance of the visit by the Superintendent or the Superintendent’s designee.

All visitors must be verified and/or approved in advance by the inmate’s housing unit Correctional Officer Counselor prior to visitation.

Proposed visitors who are 16 or 17 years of age must be accompanied by a parent or legal guardian.

2. **Directions to the Facility**

Goose Creek Correctional Center is a scenic 90 minute drive North of Anchorage or 45 minutes from Wasilla. From Anchorage the smoothest access to the institution is to travel east out of Anchorage on 6th Avenue, as you leave Anchorage this road will become the Glenn Highway. Stay on the main Highway and about 35 miles out of Anchorage it becomes the Parks Highway as it bends towards Wasilla. Turn left at the fourth traffic light on the Parks Highway as you drive into Wasilla (Main Street intersection) this road becomes Knik - Goose Bay Road as it leaves Wasilla. 17.2 miles Southwest from Wasilla on Kink-Goose Bay Road turn right onto Pt. MacKenzie Road.

Travel along Pt. MacKenzie Road until it ends at the T intersection. Turn left at the T. Travel 4.5 miles south on Point MacKenzie road, within the last half mile you will see signs explaining access onto the prison grounds. Visitors are to use the second left (Alsop Road). Highway and road driving times from Anchorage are approximately 90 minutes for morning trips, but may take longer for afternoon trips and inclement weather.

Revised 04/2013
There are no restroom facilities or gas stations after mile 8 on Knik Goose Bay road until you reach the prison, fuel is unavailable at the prison. Please make sure your visitors understand to have enough fuel in their vehicle for the entire trip.

The main number for the facility is 907-864-8100.

3. **Public Transportation**

There is no bus service to GCCC. Visitors who need transportation may call one of the local taxi services in the area. There are four cab services, L-N-L Valley Cab 907-357-8294, Alaska Cab 907-357-2727, A Cab 907-775-6622, Mat-Su Independent Taxi 907-373-5861.

Visitors are responsible for their transportation to and from the institution. Any visitor unable to provide for transportation after a visitation will be barred from any further visits from this institution.

4. **Special Visits**

Special one-time visits, during regular visitation hours, may be approved in advance by the Assistant Superintendent through the house sergeant.

5. **Visiting Rules**

GCCC encourages inmate visitation because strong family and community ties increase the likelihood of an inmate’s success after release. It is the inmate’s and visitors responsibility to conduct themselves properly during visits, not to accept or pass contraband, and not violate the law or visiting regulations. Visitation for an inmate’s visitor(s) is a privilege, not a right.

The violation of visiting rules by an inmate and/or his visitor(s) may result in the temporary or permanent loss of visiting privileges for the visitor(s) and could result in visiting restrictions and/or disciplinary actions for the inmate and/or criminal charges for the inmate and visitor(s).

This is a general overview of visiting at GCCC. For more detailed information about GCCC visiting procedures refer to Standard Operating Procedure (SOP) GCCC 810.02 Visitation.

Family and friends of an inmate must be approved before they will be placed on an offender’s visiting list. To obtain approval to visit an offender, a potential visitor must complete a visitation application form, even if the visitor has been previously approved to be on another GCCC offender’s list.

Applications are processed, reviewed and either approved or denied by the Superintendent or designee. This process can take from seven days to 90 days. A criminal history check is done on all prospective visitors.

Revised 04/2013
Inmates must submit a completely filled out Adult Visitor’s Application or Minor’s Visitor Application for each potential visitor even if they are already cleared for visitation with another inmate. Either application must include the potential visitor’s date of birth, social security number, relationship, complete mailing and physical address, and home telephone number. Adult Visitor Applications also need driver’s license or identification number and state of issue.

Court emancipated minors, including spouses, will be approved for visitation in the same manner as adult visitors.

If one section is not filled out there must be an explanation of why. Incomplete Visitor Application forms will be denied and the inmate notified why it was denied.

A minor visitor, person under the age of 18, must be accompanied by an approved visiting parent or legal guardian. A minor who is an immediate family member of the inmate may be brought in by an approved adult visitor who is an immediate family member. An order of the court prohibiting an inmate from visitation with a minor during probation applies during incarceration.

Potential visitors who are presently on felony or supervised probation or parole must obtain written approval from their Probation Officer prior to being approved for visiting.
The visitor must then be approved by the Superintendent. Permission for this type of visit is not routinely granted.

Periodically an inmates approved visitor list will be reviewed. If a visitor is found to have become ineligible for visitation the visitor and inmate will be notified in writing.

If the visitor has not been denied and is not on the approved list, they may be allowed a one (1) time one (1) hour secure visit, space permitting and with the approval of the Shift Supervisor. The visitor must fill out an “Authorization for Visiting Clearance.”

Special visits are visits that take place out of the scheduled time for visiting and must be arranged by the inmate in advance through the superintendent or assistant superintendent. Visitors will still have to be approved for these visits to be granted. These visits will only be granted for exceptional cause such as in the case where approved visitor(s) will be traveling an extended distance, i.e. a bush community or from out of State. Extra visiting time during these visits may be granted at the discretion of the Shift Supervisor on a case-by-case basis, based on space and staff availability.

When the inmate is expecting a visit from an approved visitor of this type and wants an extended visit, preapproval should be requested with a Request for Interview form to the Assistant Superintendent at least five working days prior to the desired visit.

An inmate may lose his contact visiting privileges at the discretion of the superintendent or designee for violation or attempted violation of any state or federal
law, Alaska Administration Code or any Policy and Procedure, SOP, memoranda, or failure to follow staff instructions.

Any inmate that receives a positive urinalysis test for illegal controlled substances or refuses or fails to provide a specimen for urinalysis testing, or found to be in possession of illegal controlled substances or drug paraphernalia, to include tobacco products, will be identified as a security risk and will be placed on an Individual Determination Restriction (IDR) for secure visiting.

IDRs are not connected to any Disciplinary Board findings. If an inmate feels that the IDR is not justifiable he can request to have it lifted by the Assistant Superintendent. If the Assistant Superintendent denies the request it can be appealed through the grievance process. See Individual Determination Restrictions (IDR) for details.

GCCC Visiting Rules

All inmates and visitors must abide by the facility rules, the Policy 810.02, Standard Operating Procedure GCCC 810.02, and instructions of staff members. Inmates and visitors will follow all instructions of staff promptly. The supervising staff member has the discretion to terminate a visit for any disturbance. During an emergency or disturbance, we may ask that all visitors leave the facility immediately. GCCC will not tolerate disrespect or aggressive behavior to include loud, threatening, abusive, or profane language; verbal or physical altercations towards staff members, inmates, or visitors; or improper use or abuse of state property. Offenders and visitors may not visit with other offenders or their visitors.

All inmates will be pat searched before they can enter the visiting area. Inmates will go to the visitation area after being notified of a visit. Only inmates appropriately attired will be allowed to visit.

Inmates will wear an institutional uniform, undershirt, underwear, socks, and shoes. No shower showers or slippers will be allowed in visiting.

Inmates will have their undershirt tucked into their pants. Inmates are permitted to wear one religious medallion with necklace and a wedding ring in visiting. Inmates will wear their ID badge on the chest pocket or neckline of the outer garment, facing forward, while in visiting.

Visitors under the influence of alcohol or drugs will not be permitted to visit. If someone is with a person under the influence, they will also have to leave the premises. Visiting privileges will be suspended or revoked for disruptive behavior or violation of visiting rules.

It is a crime to promote or introduce contraband into a correctional facility and punishable by up to five (5) years imprisonment and $50,000 fine (AS 11.56.375). Contraband includes anything that the visitor or inmate exchanges without the Superintendent's approval.

During contact visiting, visitors and inmates are limited to a brief embrace upon the beginning and end of the visit. Holding hands or any other physical contact during a contact visit will be cause for termination of the visit.

Revised 04/2013
Inmates and their visitors are to remain in their assigned seating during their visit unless authorized by staff. All chairs will be spaced on opposite sides of the table and may not be moved from their position. During special functions visitors are allowed to move around but all other GCCC visiting rules on physical contact and behavior will be abided by.

Children must be kept under supervision by a responsible adult while on facility grounds. Escorting parents/guardians must monitor their children’s behavior and provide appropriate control of their children. Unruly children may be cause for termination of the visit. Corporal punishment, generally defined as any measure intended to be injurious to an individual, is prohibited during visits. Verbal corrections and time-outs are the only allowable forms of discipline during visits. Children will not sit on an inmate’s lap. The contact visiting room play area is equipped with toys and television and videos for visitor’s children only. No adult visitors or inmates are to watch television. Children will remain with their parents/guardians unless escorted by their parent to the play area. When children leave the play area they will be escorted by their parents back to their assigned seating.

There will be no running or throwing or objects in the visiting area.

No inmates or visitors can leave the visiting room then return except for approved restroom visits or an administrative need.

Visitors who wish to use the restroom must notify the visiting room officer. They are to use the bathroom identified for visitor use only. No inmate may enter the visitor’s bathroom, nor may a visitor enter the inmate only bathroom-no exceptions.

Undue delay in leaving the inmate visiting area after visiting has ended will lead to suspension or revocation of visiting privileges. Offenders and their visitors will clean up their assigned area at the end of the visit. All inmates who have physical access to a visitor will be strip searched after their visit has been completed.

If the visiting area reaches capacity, staff will first ask for volunteers willing to end their visit early. If no one volunteers, the staff will end visits based on length of visit.

Visitors are not allowed to bring cameras/cell phones in the facility. Inmate photographers are available upon request and with approval during contact visiting. These photographs will be paid for by the inmate.

The Institution may, with cause, restrict an inmate’s contact visiting. The secure visitation area prohibits physical contact. Secure visiting is available on a first come, first serve basis and may not be reserved in advanced.

Inmates housed in segregation and SMU housing different visiting hours than General Population inmates. Inmates in punitive segregation will only be allowed a one hour video visitation with immediate family members.
6. Parking Area

Pets are not allowed on facility grounds and may not be left in parked vehicles with the exception of documented trained service animals to assist the disabled. All vehicles must be locked and may not contain any items prohibited at the facility. All visitors and their vehicles are subject to search.

Firearms may not be brought on to facility grounds.

7. Visitors' Warning – Contraband

It is a state crime (AS 11.56.375 and AS 11.56.380) to bring upon the facility grounds any weapons, intoxicants, drugs, tobacco products or other contraband or to provide, or attempts to provide, to an inmate anything whatsoever without the knowledge or consent of the Superintendent. All persons entering upon these premises are subject to routine searches of their person, property (including vehicles and lockers), and packages. The Superintendent, upon reasonable suspicion that a person may be introducing contraband or demonstrating actions that might otherwise endanger facility safety, security, or the orderly operation of the facility, may restrict the visit. Visitors who appear to be under the influence of alcohol/drugs will be denied entry into the facility.

8. Visitor Registration

Upon arrival at the facility, processing time can exceed 30 minutes when there is a large group of visitors waiting to be processed in. Departing the Visitation Room may require several minutes due to the procedures required for processing visitors out.

Visitors, 16 years and older, must have photo identification with them such as a driver's license, state-issued identification card, passport, or other government-issued photo identification. Even if you are known to the employee screening the visitors failing to present identification with a photograph at each visit will result in denial of a visit.

All visitors will be screened by use of a walk-through metal detector and/or hand-held metal detector. It is recommended that the wearing of jewelry be limited, as all metallic items will need to be removed to pass through the metal detector.

Any person who fails to pass the metal detector screening, appears to be under the influence, or is improperly dressed will be denied entrance to the institution.

If a person cannot pass the metal detector due to medical reason, they must submit to a "frisk" search of their person, if they refuse to comply with the "frisk" search they will be denied admittance.

Any item(s) authorized to be carried into the visiting room will be x-rayed.

When the admittance of a visitor comes into question the shift supervisor/commander is to be notified.
9. Visitor Attire

Visitors are expected to use good judgment and taste in their dress. Persons who come immodestly and/or provocatively dressed will be denied the privilege of visiting. Dresses, skirts or Bermuda type shorts may not be tight, form fitting or worn above the knees. No portion of the breasts may be exposed. The wearing of t-shirts or other form fitting clothes by female visitors without a bra is also prohibited.

Prohibited clothing items include, but are not limited to: see-through, form fitting (Lycra or Spandex), low cut, backless, sleeveless or strapless blouses or dresses, athletic shorts, sweat pants, halter tops, swimwear, clothing which exposes the midriff portion of the body, and other revealing clothing items. The wearing of any type of club, gang, or other organization symbols is strictly prohibited.

The wearing of prohibited clothing items under coats or jackets is also prohibited.

Lockers are available for the security and protection of your personal property. Heavy jackets or bags are not permitted in the visitation room.

The State of Alaska reserves the right to bar access by anyone to this facility who is attired in clothing or costume that:
- Hides or cloaks their identity
- Is meant to antagonize others into verbal or physical confrontations

When a visitor’s attire is in question the shift commander/supervisor will deny access.

Visitation rules are available to be sent to your approved visitors.

10. Visitor Lockers

A limited amount of lockers are available for visitor use inside the lobby area. Lockers can be locked while visitors are in the facility. We will not maintain a lost and found; any items left inside the lockers after the conclusion of visitation hours will be considered as abandoned property and disposed of.

Visitors who have items not permitted inside the facility are directed to store those items in their vehicles. Visitors may use lockers in the front lobby for the storage of items not permitted inside the facility if no other options are available. Examples: Coats, purses, car keys etc. No guns, knives or drugs and alcohol or food items.

11. Food Items and Money

Food items are not permitted to be brought into the facility. Cashier’s checks and postal money orders will be accepted to be placed on an inmate’s account. To leave funds on an inmate’s account you must either be on the inmate’s visiting list or an approved depositor.
12. Infant Care Items

Infant care items for visitors with infant children must be limited for security reasons; limited to a baby carrier, one nursing bottle with contents, three diapers, wet wipes, and one small blanket. Inmates will wear the issued shoes (no athletic shoes), t-shirts will be tucked in and full uniform will be worn. Inmates and visitors will not be permitted to get up from their seats at the same time. Inmates will not be allowed to get up unless escorted by staff.

A short embrace at the beginning and at the end of a visit is permitted. No other physical contact is allowed.

If it is determined that an inmate or visitor is in violation of this regulation, the visit may be terminated and the inmate may be subjected to disciplinary action. An inmate is not allowed to receive, from a visitor any item, packages, letters, food items, money or gifts from outside the facility. If there is reason to believe that contraband is being passed, the contraband will be confiscated and the visit may be terminated either by the Shift Supervisor or the Superintendent’s designee.

Normally, you will be permitted to visit for at least one hour, but it may be necessary, on occasion, to limit the amount of visiting time in order to relieve overcrowding. In this event, volunteers may be solicited for them to end their visit. Should this method prove ineffective visits will be terminated based on the distance traveled. Visitors who reside in the local area and visit frequently will have their visits terminated, and the remaining visits will be terminated in the order they arrived until the overcrowding situation is addressed. Visitors are allowed one visit per scheduled day. Visitors may not leave or terminate their visit and return later to resume their visiting on the same day.

During facility emergencies, the Superintendent or highest ranking GCCC official present may terminate all visiting operations for the duration of the emergency.

Failure to comply with visiting room procedures may result in termination of the visit, disciplinary action, and suspension or cancellation of visiting privileges.

14. Entrance Procedures for Visitors

Below is the outline of the procedures that will be adhered to as part of entry into the facility:

- All visitors will be required to clear the metal detector each time they enter the
facility. If a visitor exits the front entrance doors they will be required to clear the metal detector prior to re-entering the facility. The hand-held metal detector will not be used to clear those visitors except as stated below.

- Visitors who are not able to clear the metal detector due to medical reasons must have a statement from their physician indicating that they cannot clear the metal detector. This note should be on the doctor’s stationary, with the doctor’s signature at the bottom of the page. It should also tell specifically where this surgery was located and where the hardware was placed. In that case, a hand held metal detector will be used.
  If a hand held metal detector cannot be used, the visitor must submit to a “frisk” search, a visitor may refuse to be “frisk” searched, failure to submit will be cause for denying access to the facility.
- Any items not authorized by Department of Corrections policy are prohibited.

**22 AAC 05.400(f)**

Planning or attempting to commit, or aiding or encouraging an inmate to plan or attempt to commit an infraction described in (b) – (e) of this section is considered the same as a commission of the infraction itself.

**Informal Resolution**

A staff member may informally handle inmate misconduct that constitutes a minor infraction, 22 AAC 05.400 (e), by correcting, counseling, or advising the inmate as to proper or acceptable behavior.

The Assistant Superintendent may designate a staff member as a Resolution Officer. The Resolution Officer shall resolve low-moderate, or high-moderate infractions that the Assistant Superintendent determines are inappropriate for formal disciplinary action.

a. The officer shall verbally correct, counsel, or advise the inmate of the proper or acceptable behavior at the time of the misconduct.

Revised 04/2013
b. If the infraction is resolved, the resolution officer shall fill out the disposition section of the Incident Report and give the inmate a copy of the report within five working days of the resolution. The officer shall file the report in the inmate’s case record as an “Informal Resolution Report.”

c. As an alternative to punitive action the Resolution Officer and the inmate may enter into a free labor agreement as an alternative to administrative action. These agreements will be tracked in the inmate’s ACOMS C-Notes.

d. If the officer and inmate do not informally resolve the infraction, the officer must return the incident report to the Assistant Superintendent for action.

**Disciplinary Hearing**

Disciplinary Hearings are held in the housing unit the inmate is assigned to. Any inmate who has been scheduled for a disciplinary hearing will be notified of the date and time. It is his responsibility to show up at the appointed time for the hearing. Inmates will not be called to the hearing. If the inmate is absent from his hearing a “not guilty” plea will be entered into the records and the hearing will proceed without him.

Inmates should consult Policy and Procedure 809.04 Disciplinary Committee Hearing Officer and Basic Operation if he has any questions about phases of a disciplinary hearing.

**Penalties for Infractions**

Only a disciplinary committee/hearing officer may impose sanctions on a inmate if the inmate is found guilty of a disciplinary infraction. The committee/hearing officer shall impose at least one, and may impose all of the following penalties on a inmate for violating any of the rules in sections B, C, D or E above. 22 AAC 05.470(a). If the inmate is found guilty of committing more than one infraction arising out of a single transaction or occurrence, the disciplinary committee/hearing officer shall impose penalties that run concurrently unless it finds that separate and distinct correctional interests exist that clearly justify consecutive penalties; 22 AAC 05.470(d).

1. Reprimand; 22 AAC 05.470(a)(1).

2. Suspended Activities: Suspension of participation in activities described in, and except as limited in section F (2) (d) below for a period of up to 20 days for a minor infraction, up to 40 days for a low-moderate infraction, up to 60 days for a high moderate infraction, and up to 90 days for a major infraction; 22 AAC 05.470(a)(2).

3. Confinement: Confinement in punitive segregation, confinement to quarters, or weekend or holiday lock-ups for up to 20 days for a low-moderate infraction, 40 days for a high-moderate infraction, or 60 days for a major infraction; 22 AAC 05.470(a)(3).

4. Suspension While in Punitive Segregation: Participation in the following activities is automatically suspended during the period the inmate is placed in punitive

Revised 04/2013
segregation and may otherwise be suspended for the periods described in F(2)(b) above, except that participation in the activities described in sections (1)-(4) below for a inmate who is otherwise entitled and not in punitive segregation may be suspended for no more than 15 days unless the infraction is directly related to the particular activity:

1. participation in education programs or group religious services;
2. contact visitation;
3. secure visitation other than with immediate family members (e.g., spouse, parents, children, or siblings);
4. telephone calls, except to an attorney or the office of the ombudsman; A.S. 33.30.231(a);

1. The inmate is entitled to some documentation or explanation regarding how the amount of restitution has been determined.
2. The Facility may put a hold on a inmate's work compensation payments, withdraw money from a inmate's account, or require a inmate to work without pay. 22 AAC 05.470(a)(4).
3. If the inmate owes restitution at the time of release, the Facility will deduct the remainder of the money owed from the amount due the inmate or from the inmate's Account. If the restitution is still not paid off, the Facility will keep the hold on the system and reinstate it if the inmate is incarcerated again.

6. Forfeiture of Statutory Good Time: Forfeiture of up to 90 days statutory good time for a low-moderate infraction, up to 180 days statutory good time for a high-moderate infraction, and up to 365 days statutory good time for a major infraction. See Policy and Procedure 809.07, Restoration of Statutory Good Time; and 22 AAC 05.470(a)(5).

7. Forfeiture of Contraband Money: Possession of money is contraband and must be forfeited. The institution shall deposit the money into the General Fund. See A.S. 33.30.261.

Disciplinary Appeal Process

At the conclusion of a disciplinary hearing the Disciplinary Hearing Officer will give the inmate a Summary Finding of Disciplinary Committee/Hearing Officer form 809.04B

Revised 04/2013
that contains the Disciplinary Committee/Hearing Officer’s findings and the imposed sanctions.

The inmate will indicate his intention to appeal or not appeal. The inmate will be sent Appeal of Disciplinary Action form 809.06A, which he will sign for. The inmate has three working days from receiving the form to complete his appeal statement. All initial Appeal of Disciplinary Action forms will be reviewed by the Superintendent. The Superintendent has ten (10) working days to return an answer to the inmate’s appeal.

A inmate convicted of a Major infraction can appeal the Superintendent’s decision to the Director of Institutions. Once the DOC appeal process has been exhausted a inmate has thirty (30) days to submit an appeal to the Alaska Superior Court. For more details, review Policy and Procedure 809.06 Disciplinary Appeals.

**Restoration of Forfeited Good Time**

Up to 100 percent of forfeited good time may be restored, at the discretion of DOC, upon determination that an inmate has met a minimum period of clear conduct, and other factors specified in Policy 809.06 Restoration of Forfeited Good Time, since the most recent disciplinary infraction. Clear conduct is defined as a period of time without a violation of a disciplinary rule, except minor infractions (E level infractions) for which guilt was established through the disciplinary process.

An inmate is presumed to be eligible for restoration of forfeited good time under the schedule set forth below, unless the Superintendent or Chief Classification Officer determines that restoration would be appropriate.

If the most recent infraction is a low-moderate (D level infraction), the inmate is presumed eligible for restoration of 50 percent of the previously forfeited good time after a 90-day period of clear conduct, and 100 percent of the previously forfeited good time after 180-days of clear conduct. If the most recent infraction is a high-moderate (C level infraction), the inmate is presumed eligible for restoration of 50 percent of the previously forfeited good time after a 180-day period of clear conduct, and 100 percent of the previously forfeited good time after a 360-day period of clear conduct. If the most recent infraction is a major (B level infraction), the inmate is presumed eligible for restoration of 50 percent of the previously forfeited good time after a one-year period of clear conduct, and 100 percent of the previously forfeited good time after a two-year period of clear conduct.

Inmates may obtain form 809.07A - Application for Restoration of Forfeited Statutory Goodtime from their probation officer. The application must be submitted to the Unit Manager who will forward the application to the probation officer.

**B. Segregation**

The Segregation Unit consists of two areas, Administrative and Punitive Segregation. Inmates, who are placed in Administrative Segregation status, have the same general
privileges provided in the general population with some variation due to security considerations.

1. Administrative Segregation

An inmate may be assigned to Administrative Segregation if the inmate:
- has not been classified since initial admission to the institution, or has not yet had a physical examination under Alaska policy #807.14, Health Examinations;
- is incapacitated;
- is suffering or is suspected of suffering from a communicable disease;
- is prescribed segregation by a physician, physician’s assistant, or mental health professional based upon his or her mental or physical condition;
- requests the segregation and demonstrates a valid security-related or medical reason for the segregation;
- is detained as a non-criminal hold under A.S. 47.30.705 or A.S. 47.37.170;
- is being held as a material witness under a court order;
- presents a substantial and immediate threat to the security of the facility or public safety;
- requires protective custody;
- requires the most restrictive housing based on the inmate’s behavior which represents a severe threat to the safety and security of the facility. These inmates will be identified as Administrative Segregation Maximum and the criteria for placement are further defined in Department policy 804.01, Administrative Segregation.

2. Punitive Segregation

Punitive Segregation is used as a sanction for violation of GCCC rules and regulations. Inmates in Punitive Segregation will be denied certain privileges. Personal property will be impounded. Inmates in Punitive Segregation are provided with bedding and hygiene items as necessary. Inmates may acquire legal and religious materials while in Punitive Segregation. Legal material may be requested via an Request for Interview form to the Program Manager or Librarian.

XI. GENERAL ADMINISTRATIVE INFORMATION

A. Grievance Process

An inmate may file an Inmate Grievance for any alleged action violating the Department’s regulations, statutes, policies, or procedures stated in the GCCC Inmate Handbook that does not already have a separate appeal process. An inmate found to abuse the grievance system may be subjected to both a restriction on filing grievances and/or disciplinary action.

An Inmate Grievance form must be submitted by the inmate within thirty (30) calendar days from the date the incident occurred or from when the inmate has knowledge of the incident. To begin the process an inmate must try to informally resolve an issue by submitting a Request for Interview form to the appropriate staff before filing a formal

Revised 04/2013
grievance. If the Request for interview form fails to resolve the problem informally, the inmate may then submit an Inmate Grievance form outlining the issue in one of the boxes.

The Inmate Grievance form will be initially reviewed by the Facility Standards Officer. After the Inmate Grievance form is reviewed, it will either be screened back to the inmate or sent on for further investigation. A screened grievance is a grievance that is rejected or returned for correction due to content or completion deficiencies.

For more specific information, refer to Policy and Procedure 808.03 Inmate Grievance.

**Grievance Appeal**

Inmates may appeal the screened grievance decision. The inmate must state in writing on a Request for Interview Form why the screening is incorrect, attach it to the grievance and the screening form, and return it to the Facility Standards Officer within two working days after receiving the screening decision.

An inmate may appeal a Superintendent’s grievance decision. Within two working days after receiving the Superintendent’s decision, the inmate must complete and place an Inmate Grievance Appeal Statement in the box in the housing unit. This statement must only address the subject and relief sought in the initial grievance. No additional information may be submitted.

An inmate who believes a grievance was not handled consistent with policy may seek review by the Standards Administrator after the Director renders a decision. Within twenty (20) working days after receiving the Director’s decision, the inmate must request a review by writing a letter not to exceed two pages and include their copy of the grievance and grievance appeal and send it as privileged mail directly to the Standards Administrator. The review by the Standards Administrator serves as the final administrative action of the Department on the grievance.

**B. Inmate Fund Accounts**

Prisoner may receive funds from approved visitors, government and tribal entities and businesses. Donors may drop money here at the front counter. Cash or money orders only.

Inmates are never allowed to accept or give money directly or indirectly from/to other inmates. All gifts and disbursements will be reviewed; inappropriate gifts or disbursements will not be processed. Any gifts found to be inappropriate will be returned to sender.

If an inmate wishes to send money to an immediate family member or friend on the approved visitation list a Trust Fund Withdrawal Slip must be filled out. A stamped, addressed envelope must be attached to the form. It must be submitted to the Case.
Manager and will be approved on a case by case basis.

When an inmate is transferred from another jail or institution, funds that were in his account at that institution may be forwarded by mail to be posted to the inmate’s Trust Fund account at GCCC.

**Escape Forfeiture**

If an inmate escapes, all of the inmate’s money in the inmate’s account may be forfeited by the Deputy Commissioner, for deposit into the General Fund. An inmate may appeal this forfeiture to the Commissioner.
### C. Inmate Rights and Responsibilities

Inmates have the right to refuse to participate in any counseling, rehabilitation, vocation, educational, or pre-release program, medical, psychological or psychiatric treatment (except when the inmate’s medical condition or public health concerns require immediate intervention or when a physician determines that the inmate lacks the capacity to give consent), recreational or other activity, and contact with the media, visitors or legal representatives. GCCC may require an inmate to participate in a program ordered by the sentencing court.

D. **Prison Rape Elimination Act (PREA)**

Sexual Misconduct is conduct of a sexual nature that is directed by offenders toward other offenders, by offenders toward staff, or by staff toward offenders. An “offender” is anyone under the care, custody and supervision of the Goose Creek Correctional Center. “Staff” or “staff member” is anyone employed by, contracted by or volunteering for the Goose Creek Correctional Center. Sexual misconduct includes, but is not limited to the following acts or attempted acts:

1. Sexual contact (i.e. petting) and/or intercourse (i.e. penetration)
2. Requiring or allowing an offender to engage in sexual contact, sexual intercourse, or other sexual conduct for any reason (e.g., the sexual gratification of a staff member).
3. Any action designed for sexual gratification of an offender or staff member, such as masturbating in front of another person
4. Making or encouraging obscene or sexual advances, gestures or comments or exposing genitalia, buttocks or female breasts.
5. Touching of self in a sexually provocative way
6. Initiating any form or type of communication of a sexual nature
7. Influencing or making promises regarding safety, custody, parole status, privacy, housing, privileges, work assignments, program status, etc., in exchange for sexual favors. This includes an exchange of anything of value between staff and inmate or inmate and inmate.
8. Threats, intimidation or retaliation

**Inmate-on-Inmate Sexual Abuse** is when one or more inmates engage in sexual conduct, including sexual contact, with another inmate against his or her will or by use of threats, intimidation or other coercive actions. Inmate-on-Inmate Sexual Abuse is a form of “Prison Rape” under the Prison Rape Elimination Act of 2003.

**Staff-on-Inmate Sexual Abuse/Assault** is engaging in, or attempting to engage in a sexual act with any inmate or the intentional inappropriate touching of an inmate with the intent to abuse, humiliate, harass, arouse or gratify the sexual desire of any person. Sexual acts or contacts between an inmate and a staff member, volunteer or contract personnel regardless of consensual status, is prohibited and subject to administrative and criminal disciplinary sanctions.

No one has the right to pressure anyone to engage in sexual acts. Inmates should not tolerate sexual assault or pressure to engage in any sexual behavior. Under Alaska laws, one cannot legally consent to sexual activity with anyone else while incarcerated.

Therefore, it is never appropriate for a staff member to make sexual advances or comments, or to engage in sexual contact with an offender. A staff member would be committing a criminal offense by participating in any sexual activity with an offender. It is not appropriate for an offender to approach a staff member in a sexual manner; this type of behavior is prohibited and corrective action will be taken to stop such behavior from occurring.

Revised 04/2013
Steps you can take to reduce the possibility of sexual assaults:

- Choose your associates wisely. Look for people who are involved in positive groups and activities
- Avoid being alone
- Do not accept gifts or favors from others. Most gifts come with a string attached
- Do not accept an offer from another offender to be a protector
- Avoid borrowing and becoming indebted to someone
- Find a staff person with whom you feel comfortable discussing your concerns about sexual misconduct
- Be alert! Substances such as drugs and alcohol weaken your ability to stay alert and make good judgments
- Be direct and firm if others ask you to do something you do not want to do
- Trust your instincts. If you sense a situation is dangerous, it probably is

What to do if you are assaulted:

Report sexual misconduct

Sexual misconduct (by staff or offenders) is prohibited, but it must be reported before action can be taken. Do not rely on anyone else to report misconduct. When it is experienced or seen, report it immediately.

To make sure that sexual misconduct is reported, the Goose Creek Correctional Center has several ways to do so with confidentiality. Offenders may use the reporting method with which they are most comfortable.

- Find a staff member (e.g. security officer, medical personnel, chaplain, etc.) with whom you are comfortable and tell them what happened. As part of their job, staff is required to report any allegations, ensure offender safety and maintain confidentiality.
- Send a confidential Request for Interview Form to the Lieutenant.

Reprisals

No reprisals of any kind shall be taken against an inmate or employee for good faith reporting of sexual abuse or sexual threats.

Seek medical attention

If the sexual incident was recent, you will be asked to consent to a sexual assault exam by a qualified health care professional. Your consent is needed for this type of exam. Even though you may want to clean up after the assault, it is important that you advise staff immediately or as soon as practical and be seen by medical staff before you shower, wash, drink or change clothing, or use the bathroom. Medical staff will examine you for injuries that may or may not be obvious to you. They may also perform further examinations to gather physical evidence of the assault and to check for sexually transmitted diseases. You have the right to refuse any examination however, if you have been the victim of sexual misconduct, it is critical you allow staff or medical professionals to collect as much evidence as possible.

You can receive medical attention for any injuries without submitting to a sexual assault examination. The medical care is for the purpose of treating injuries and keeping you healthy. Medical information gathered during treatment is confidential.

Revised 04/2013
You must sign a medical release in order for the medical information to be used as evidence in sexual misconduct. You have the right to refuse to sign the medical release. You also have the right to receive support services.

Any form of sexual misconduct is degrading and may result in psychological distress. Victims should seek appropriate treatment. Mental health staff within the institution is available to help offenders recover from the emotional impact of sexual assault.

**What happens to reports of sexual misconduct?**

**Investigation**
All allegations of sexual misconduct, sexual harassment, over-familiarity and retaliation will be investigated.

Retaliation is intimidation to prevent an offender from filing a complaint or participation in an investigation of sexual misconduct. The GCCC prohibits anyone from interfering with an investigation, including by intimidation or retaliation against witnesses or victims. Any form of retaliation should be reported to the superintendent or investigator.

**Possible outcomes of an investigation**
A thorough investigation takes time. The investigation must clearly support or refute any allegation with evidence, information gathered from witnesses and documentation. After the investigation is completed, one of the following decisions will be reached:
- There is sufficient evidence to conclude the allegation is true
- There is insufficient evidence to conclude the allegation is true
- The allegation is unfounded. This means that the evidence shows that the person reporting the sexual misconduct made a false allegation. If the investigation proves that the allegation is false, the person who made the allegation is subject to corrective action, including discipline.
- There is not enough evidence to prove that the allegation is true, but there is evidence to prove that another law, policy or rule was violated.

Anyone who sexually abuses or assaults an offender or staff member will be disciplined and may be criminally prosecuted. Discipline and criminal prosecution are more likely to be successful if the abuse is reported immediately; but regardless of when the assault occurred, it should be reported.
If you are a survivor of sexual assault, you have suffered a traumatic experience. Survivors experience feelings of:

- Vulnerability
- Powerlessness
- Loss of masculinity
- Blame
- Fear
- Sadness
- Shame
- Rage/anger
- Confusion
- Self-doubt

Part of the Trauma
The survivor may experience includes:

- Nightmares
- Insomnia
- Anxiety
- Frequent crying
- Eating disorders
- Lack of concentration
- Sexual dysfunction or hyper sexuality
- Antisocial and criminal behavior
- Disturbing sexual fantasies
- Substance abuse
- Phobias
- Lifestyle disorganization

Coping Skills: Ideas to help begin the healing

- Write in a journal
- Exercise
- Poetry
- Music
- Reading
- Talk/Write to a trusted friend

Safety Guidelines to Consider

- Trust your instincts. Be aware of situations that make you feel uncomfortable. If it feels wrong, LEAVE.
- Body language. You are judged within three seconds of someone first seeing you. Walk with certainty, head up high. Learn good posture.
- Don’t ask for things. Some inmates have access to things you may need or want; however, many seek favors of some kind in return. Placing yourself in debt may lead to a request to an expectation of sexual favors for repayment.
- Avoid high-risk places. There are blind spots in every facility, on the yard and in the units. These are places where it is difficult for the officers to see. Learn these places and avoid them.
